medicine so as to be able to sup-

receiving them he was himself
taken sick and says that one small

WOLF CREEK

(Special Correspondence.)

Still it rains. We had a fine
shower Monday morning

A good many farmers are now
stacking wheat

Corn is looking fine and mead-
ows are ready to cut. Pastures
are the best they have been this
year

There are lots of apples and
peaches, and blackberries are
very plentiful and are getting
ripe

Say, Mr. Editor, I wish you
could make us a visit and we will
show you what grows in the Oz-
arks. [Thanks! When shall we
come?—Ed]

J.D. Rowland's alfalfa is almost
ready to cut the second time and
is a bumper crop again

Elmer Coday and Jeff are cut-
ting wheat. Elmer says it is hot
work

Mrs. Sikes has been on the
sick list the last day or two

Emen Sikes has returned from
the harvest fields of Kansas. He
didn't find as much stacking as
he expected

Mr. Kirk does not seem to im-
prove in health much

Will Lahey is stacking wheat
for Lon Smith

Mrs. Samuel Douglas and chil-
dren and Drue Turner and wife
spent the 4th on Wolf Creek with
home folks

Now, Mr. Editor, I would like
to say a word or two to the farm-
ers in regard to what is known
as the Canada thistle. We find it
is scattered all over this part of
the country, and it may be that
some do not know what a pest it
is to the farmer. It should not
be allowed to go to seed, if possi-
ble to prevent it. Some say it is
strictly against the state law to
allow it to grow on any farm. I
would like to hear from others in
regard to it

YOU KNOW.

For Cuts, Burns and Bruises.

In every home there should be
a box of Bucklen's Arnica Salve,
ready to apply in every case of
burns, cuts, wounds or scalds. J.
H. Polanco, Delvalle, Tex., R. No.
2, writes: "Bucklen's Arnica
Salve saved my little girl's cut
foot. No one believed it could be
cured." The world's best salve.
Only 25c. Recommended by your
druggist.—Adv.

The park at Mansfield will be
improved \$700 worth or more as
a result of the work of some live
wires down there like Mayor
Burney and Dr. Riley. Seymour
needs a few progressive men to
push her affairs along in order to
keep pace with neighboring
towns. Here's one who will
volunteer his services—the editor.
Where's another?—Seymour Citi-
zen.
